MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Flash Item - Career Training Program

On 27 July we were requested by Mr. John Clarke to provide summary information concerning Career Trainee selection standards and procedures which might be used by the Director in a briefing of the House Armed Services Subcommittee on 29 July. It was requested further that the data be such that it could be presented in graphic form. [REDACTED] supplied a quick verbal outline of the steps taken in the screening and selection process, of how we finally arrive at hiring only one out of eight of those recommended by the recruiters, and a summary of the qualifications sought. Also, [REDACTED] discussed the form of a visual aid which might reinforce the impression of selectivity and quality control in our manpower input. [REDACTED]

[REDACTED] undertook to write this in draft form in preparation for the Director's briefings. As it turned out, the briefing was postponed and no date has been set for it, though presumably it will take place. Consequently the staff artist dropped his work on the visual aid chart. We are assured, however, of a copy of whatever may be produced, and an opportunity to consult further on the text before it takes final form.
